 TOGETHER WE CAN MAKE A DIFFERENCE!!
PRAISE GOD WE DID IT!

Last month I shared with you how we raised **\$12,275** to put toward the roof for Pastor Samuel in Tete, Mozambique. Because the roof for their building is over seven times larger than the 30 ft. x 60 ft. structures we normally build, I felt it was important to send him at least **\$20,000** to put toward the over **\$32,000** the roof would cost. That roof is now under construction! The rest of the church (exterior walls and inside) will be completed once the congregation has finished paying their share of the roofing cost. At least they will be under roof and able to hold services. Thank U!

I also challenged you to **“Arise and Build”** two new churches in Malawi. These buildings will also become training center locations for our CTC pastoral training program. I am blessed to report that the **\$20,000** requested for these two buildings has come in and they also are under construction!

I posted on my Facebook page a **video** of Pastor Dennis Chaima from the Chiradzulu dis-

trict and his congregation worshipping the Lord in the open during a rainstorm after their church had collapsed. This is not something one would likely ever see in the USA, but in-

dictive of their zeal for the Lord.

Once I was able to release the funds for the building, Stephen Tambuli, our CTC director in that part of Malawi, sent me some photos of women carrying heavy stone on their heads to the site of the new building. The

stones were then broken into smaller and smaller pieces with a hammer and chisel for the onsite hand mixing of

the cement for the foundation, also something one is not likely to see taking place here in the USA. These women are from the congregation of the church and will be students in the CTC program

once the church building is ready. You can see from these photos that the form of the church is beginning to take shape. Please keep both churches in your prayers.

However, all the work of hauling bags of cement, steel, and wood for the roofing has come at a cost for our truck. Stephen Tambuli is asking for help getting the truck repaired so we can continue to help with the

church construction. We need about **\$500** to cover burst shock absorbers, worn out clutch and pressure plates, and ball joints. Please mark your gift **“Truck.”** As always, you are in our prayers and we are so grateful for your faithful prayers and support. Without God’s faithfulness and your help, very little would take place. Thank you for continuing to stand with us! Missions giving is investing in eternity! **TOGETHER WE’RE MAKING A DIFFERENCE!**

In addition to these two churches, we got word that the church building in the Zamba district for Pastor Francis finally has its roof.

YOU CAN MAKE A DIFFERENCE! To support RevC or a particular project you can either donate online at www.revce.org by clicking the **“RevC Support”** button or the **“Project Support”** button, or send your gift to **Indigenous Training Ministries, Inc. (ITM, Inc.)** and mail to **P.O. Box 958 Oldsmar, FL 34677** and put **“Preference Project Support”** or **“Preference RevC”** on the memo line. The IRS does not allow donors to designate a gift, but you can indicate your **“preference”** for its use. Questions?? contact RevC at: RevC@revce.org **BLESSINGS!!!**
